## BETTER THAN WHISKEY FOR COLDS AND FLU

**New Elixir, Called Aspironal, Medicated With Latest Scientific Remedies, Used and Endorsed by European and American Army Surgeons to Cut Short a Cold and Prevent Complications.**

**Every Druggist in U. S. Instructed to Refund Price While You Wait at Counter If Relief Does Not Come Within Two Minutes.**

**Delightful Taste, Immediate Relief, Quick Warm-Up.**

The sensation of the year in the drug trade is Aspironal, the two minute cold and cough remedy, authoritatively guaranteed by the laboratories, tested, approved and most enthusiastically endorsed by the highest authorities, and prescribed by the common people as the fastest, as quick and effective as whiskey, rock and rye, or any other cold and cough remedy they have ever tried. All drug stores are supplied with the wonderful new Aspironal, and you have to do to get rid of that cold is to step into the nearest drug store, hand the clerk half a dollar, for a bottle of Aspironal and tell him to give you two spoonfuls with four or five spoonfuls of water in a glass. With your watch in your hand, and tell the clerk at the window and tell the clerk if you can not feel your cold fading away like a dream within the time limit. Don't be bashful, for all druggists invite you and expect you to try it. Everybody's doing it. When your cold or cough is relieved, take the remainder of the bottle home to your wife and babies, for Aspironal is by far the safest and most effective, the easiest to take and the most agreeable cold and cough remedy for infants and children.

## INVITE COTTON MEN TO K. OF C. SCHOOL

If you don't believe it, come and see for yourself. This is the invitation that Ralph Wormeley, instructor in cotton classing at the Knights of Columbus free night school, has extended to local cotton men who dispute the claim that cotton can be classed by artificial light, merely because it was never done before.

Wormeley is distributing cards that read as follows: "An invitation—You are cordially invited to witness our system of cotton classing by artificial light and get out of the idea that it can't be done. If you are from Missouri or any other state, call any night from 7 o'clock to 9 o'clock and we will demonstrate to your entire satisfaction that our light for classing cotton is perfect."

When the fire of an old love has burned to ashes, it takes merely the zephyr of a new flirtation to blow the last spark away.

It takes nine women to make a man—and then, maybe, the tenth marries him, and has to make him all over, again.
